Template:Infobox Instrument

The electric **bass guitar**^[1] (also called **electric bass**,^{[2][3][4]} or simply **bass**; **Template:PronEng**, as in "base") is **thumb** (either by plucking, slapping, popping, tapping, or thumping), or by using a **plectrum**.

The bass guitar is similar in appearance and construction to an **electric guitar**, but with a larger body, a longer **ne** same **itches** as those of the **double bass**,^[5] which correspond to pitches one **octave** lower than those of the four lov a **transposing instrument**, as it is notated in **bass clef** an octave higher than it sounds (as is the double bass) in electric guitar, the electric bass guitar is plugged into an **amplifier and speaker** for live performances.

Since the 1950s, the electric bass guitar has largely replaced the double bass in **popular music** as the bass instr performed by the bass guitarist vary widely from one style of music to another, the bass guitarist fulfills a sim framework and laying down the beat. The bass guitar is used in many styles of music including **rock**, **metal**, **pop**, **fusion**, **Latin**, **funk**, and in some **rock and metal** (mostly **progressive rock** and **progressive metal**) styles.

Done

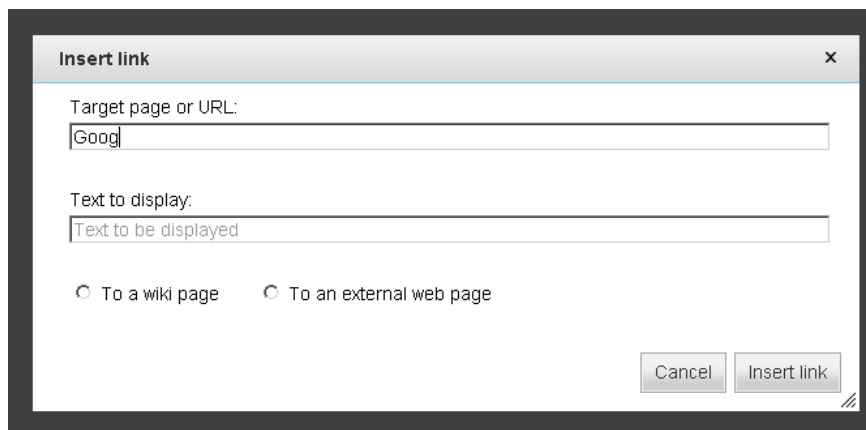

Clicked on any component below.

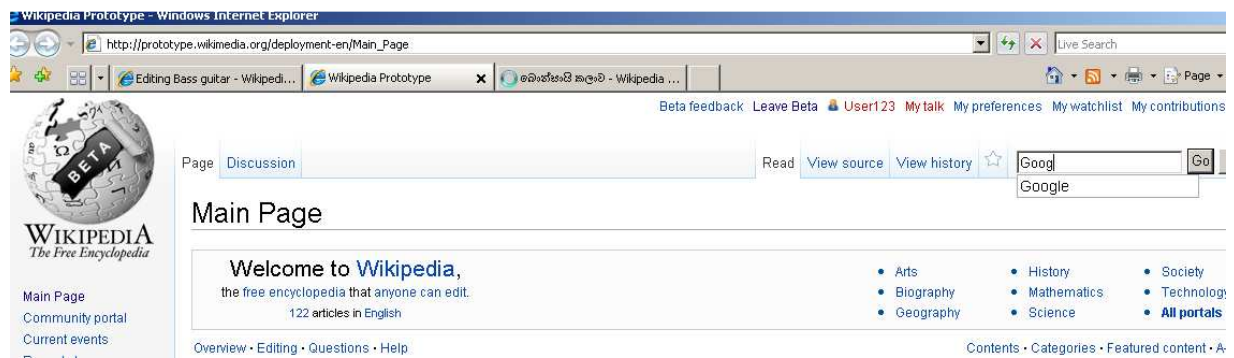

- Link
- Embedded file
- Reference
- Add header item
- Bullet list
- Numbered list
- Indentation
- Insert picture gallery
- New line
- Insert special characters

All result a Java Script error and the required function is not happen.

Example : Insert link not give the suggestions where the Search shows the suggestions.

Also , if user move cursor to a space and click on bold, italic. It gives a java script error in the browser.
