WIKIPÉDIA

Edit Growth configuration

This page allows you to edit configuration of Growth team features. It will edit MediaWiki:GrowthExperimentsConfig.json and MediaWiki:NewcomerTasks.json on your behalf. You can see your changes in the page history of that page.

MediaWiki:GrowthExperimentsConfig.json: Last updated by Martin Urbanec (WMF) 33 minutes and 24 seconds ago.

MediaWiki:NewcomerTasks.json: Last updated by Martin Urbanec (WMF) 4 minutes and 53 seconds ago.

Newcomer homepage

Destination page for a link about how create a new article

> Pomoc:Ako vytvoriť nový článok

Destination page for a link about how to add images in the visual editor

> mw:Special:MyLanguage/Help:VisualEditor/User_guide#Images

Mentorship

Wikis can have two separate mentor lists: one for mentors that get randomly assigned to all newcomers, and another for mentors that do not get randomly assigned, but can claim mentees. This second list is used for mentors that only want to be mentors to people from events or classes.

Are mentorship features enabled?

◉ Yes

◯ No

Help panel settings

The help panel can be available in any namespace, in reading or edit mode, as configured below. It includes the ability to search for help, click help links, and ask questions to either mentors or to the help desk.

Namespaces with the help panel disabled in both reading and editing mode

> Add more...

Namespaces where the help panel is available in reading mode

> (Redaktor) (Wikipédia) (Pomoc)
>
> Add more...

Namespaces to include in the help panel's free text search for help

> (Wikipédia) (Pomoc)
>
> Add more...

Where should questions from the help panel be directed?

🔘 Mentor talk pages

◯ Help desk

Help desk page where questions should be posted from the help panel.

> Wikipédia:Potrebujem pomoc

Where on the help desk page should new questions be posted?

◯ Top of page

🔘 Bottom of page

Help panel links

The help panel displays five links and one "view more" link. These can be configured to be any links in the wiki, but recommendations are included below.

1) Destination page for first help panel link (recommended: manual of style)

> Wikipédia:Štylistická príručka

1) Label of first help panel link (recommended: "Manual of Style")

> Štylistická príručka

2) Destination page for second help panel link (recommended: visual editor guide)

Pomoc:Ako upravovať stránku

2) Label of second help panel link (recommended: "How to edit")

Ako upravovať stránku

3) Destination page for third help panel link (recommended: inserting images with visual editor)

mw:Special:MyLanguage/Help:VisualEditor/User guide#Images

3) Label of third help panel link (recommended: "How to insert images")

Special:MyLanguage/Help:VisualEditor/User guide

4) Destination page for fourth help panel link (recommended: inserting references with visual editor)

mw:Special:MyLanguage/Help:VisualEditor/User guide#Editing references

4) Label of fourth help panel link (recommended: "How to add a reference")

Special:MyLanguage/Help:VisualEditor/User guide

5) Destination page for fifth help panel link (recommended: article wizard)

5) Label of fifth help panel link (recommended: "How to create an article")

Destination page for "View more help articles"
