

Select a Random page and edit it

The screenshot shows a text editor interface with a top toolbar containing 'B', 'I', and various icons. Below the toolbar, a code block contains the following text:

```

{{otheruses4|the city}}
{{redirect4|New York, New York|NYC}}
{{pp-semi-protected|small=yes}}
{{featured article}}
<!-- Don't add a particular image size to most images of this article, it will be reverted. The images need to
be able to customize from personal preferences. -->
{{Infobox Settlement
| name           = City of New York <br>(New York City)
| native_name   = <!-- for cities whose native name is not in English -->
| nickname      = The [[Big Apple]], Gotham, The City That Never Sleeps, The Capital of The World ([[Caput
Mundi]]), The Empire City, The City So Nice They Named It Twice, The City.
| settlement_type =
| motto         =
| image_skyline = NYC Montage 8.jpg
| image_caption = From upper left: [[Manhattan]] south of Rockefeller Center, the [[Brooklyn Bridge]],
[[United Nations Headquarters]], the [[Statue of Liberty]], and [[Times Square]]
| image_flag    = Flag of New York City.svg
| flag_size     =
| image_seal    = Seal of the City of New York.svg
| seal_size     =
| image_shield  =
| shield_size   =
| city_logo     =
| skyline_view  =

```

On the right side, there is a sidebar titled 'Hide contents' with a list of categories for 'New York City':

- New York City
- History
- Geography
- Climate
- Environment
- Cityscape
- Architecture
- Parks
- Boroughs
- Culture and contempor...
- Entertainment and p...
- Tourism
- Cuisine
- Media
- Accent
- Sports
- Economy
- Demographics
- Government
- Crime

Clear all the content from the editor

This screenshot shows the same editor interface as the previous one, but the main content area is now empty. The top toolbar and the right sidebar remain the same.

Add Headers 1-5 using the tool bar

The screenshot shows the editor interface with the toolbar expanded to show heading options. The main content area contains five lines of text, each representing a different heading level:

```

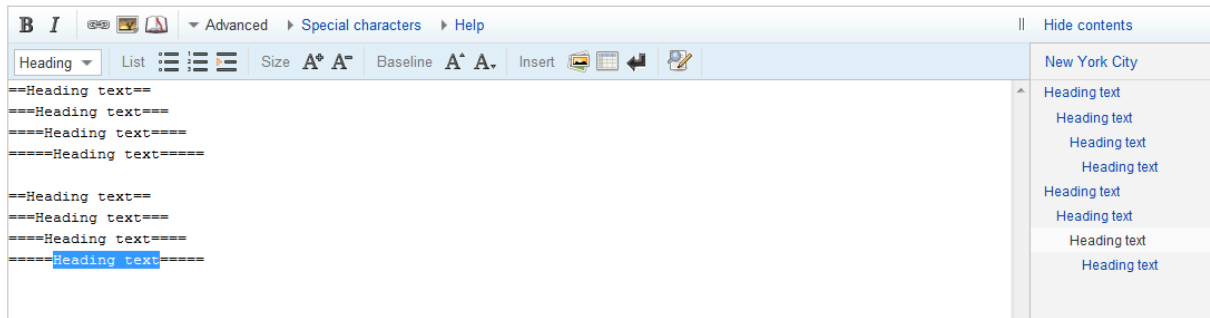

==Heading text==
===Heading text===
====Heading text====
=====Heading text=====

```

The right sidebar is also updated to show the corresponding heading levels:

- New York City
- Heading text
- Heading text
- Heading text
- Heading text

Create the same set again

Now click on a heading in the NTOC
